Saturday of next week will be a gala day for Coleman. On that date the Lethbridge Sunday schools will entertain with Mining Institute excursion to spend their annual outing in The Pass. In order to accommodate the large number of holiday seekers, the C.P.R. will put on two excursion trains, which will leave Taber and Lethbridge

in the early morning and arrive at Coleman and Cross' Nest early in the forenoon. 13th O. M. R.'s off to Unknown Destination

On the occasion of the departure of the 13th O.M.R. from Medicine Hat for an unknown destination last night, thousands of people, representative of every corner of this fair province gathered to bid the boys farewell.

Prior to their departure, the City of Medicine Hat presented the boys with a splendid complete sports outfit, accompanied by the following address:—

Lieutenant Colonel Holroyd, Officer, Non-Commissioned Officers and Men of the 13th Battalion, O.M.R., Canadian Expeditionary Force:
It is the desire of the Citizens of the City of Medicine Hat to recognize in this public manner the departure from our city of your battalion which is about to leave for a wider field of training in final preparation for the great task with which you are confronted.

During your period of training here your operations have been a source of much interest to our citizens who have followed with pleasurable satisfaction and pride the admirable progress made towards reaching a stage of military efficiency. The excellent discipline and general exemplary conduct invariably displayed by your battalion aroused feelings of distinct pride amongst our community who are confident that you will reflect conspicuous credit, not only upon the Province of Alberta, where you were recruited, but upon the Dominion as a whole.

In full realization of the deep gravity and seriousness of the task upon which you have entered, of the trials and hardships to be encountered on active service, you have exhibited the best spirit of patriotism in sacrificing everything, ready to go forth and assist in establishing the supremacy of the British Empire.

Undoubted pluck and heroism had figured prominently in the actions of the Canadian overseas expeditionary forces—stories of their valorous deeds have been many—and that your battalion will in every way conform with the enviable reputation of their gallant comrades is the firm conviction of the citizens.

News of your movements will be eagerly awaited throughout the city. Daily applications will go forth for your good fortune, safety and continued success. We pray for an early and victorious return to this great conflict and earnestly trust that not many months may elapse before we are able to welcome your triumphant return.

In the name of Medicine Hat I wish you "Godspeed."

A. C. HAWTHORNE, Mayor.

Town Council Faces Finance Problem

The regular meeting of the Blaimore town council took place last night, present Mayor Sinclair, Councillors Beebe, Evans and Bartlett, and Secretary Wright.

The minutes of previous meeting were on motion approved, and the following communications were passed upon: Dominion Trust Company (re W. Joyce), Canada Bonds Corporation, Blaimore School District 628. The latter communication asked for an appropriation from the town to the school district of an amount sufficient with the sum forthcoming from the government by way of grant to cover the district's liabilities to the end of the present school year.

The amount of the grant will be about \$700, it is necessary that the board should receive \$825 to meet its obligations which, in this connection it was decided to meet figures amount to approximately \$1255.60. The communication stated that unless the required amount is forthcoming, the trustees felt that there was no other alternative than to close the school. In this connection it was decided that the Secretary-Treasurer be asked to furnish the school board with full information regarding the financial condition of the Town of Blaimore, and the possibility of the town being able to furnish them with the money asked for.

Beebe-Bartlett—That the Secretary-Treasurer place all monies on hand, and what may be collected up to the first of July, to the credit of the school fund.

Chief of Police McLeod asked for a ten days' leave of absence, to date from June 25th, which was granted.

The following accounts were read and ordered paid, subject to approval of respective committees: W. A. Beebe \$20.00 rent, Alberta Government Telephone \$3.50 exchange, Blaimore Pharmacy \$1.25 for ink, J. Handley \$1.00 for relief, Rocky Mountain Cement Co. \$59.80 for light, Blaimore Hardware Co. \$2.25, Pelletier Lumber Co. \$30.55 for plank for crossings, W. A. Beebe \$8.00 for insurance, Sam Alberta Lands Registration District \$2.05 for copies of abstracts.

B. Sayan, of Cement Street, complained about the condition of that street, and the property and works committee were instructed to give the matter attention.

A meeting of the school trustees was held on Monday evening of this week, present W. A. Beebe, J. F. Hunter, L. H. Putnam, W. J. Bartlett and Secretary-Treasurer Wright.

The minutes of a regular meeting held on April 18th, and of a special meeting held April 25th, were on motion approved. The resignation of L. H. Putnam was accepted, as was also the resignation of H. E. Lyon as chairman of the board.

Both resignations were regretted with expressions of regret that the board were losing the valuable services of such active members, and wish their appreciation of past service and their most cordial good wishes for the future of the late members to go on record.

A number of small accounts were passed.

W. A. Beebe was elected chairman, to replace Lieut. Col. H. E. Lyon, resigned. The meeting adjourned to

Anxious Vigil on the British Coast

By a Coast Watcher in the London Times

It is night, moonless and full of terrors to the mind—night, with its dangers and possibilities of surprise. Its demands on intelligence and tenacity to duty, its likelihood of shocks and surprises. Admiralty orders of the day are issued, and the fleet is put to sea. The fleet is put to sea. The fleet is put to sea.

And from Land's End to John O'Ga's, on headland, Martello and church towers on miles of distant shores, men and women are on duty. They are on duty. They are on duty.

Inland, from ten to more miles, as far as inland coasts, except where mounds are being built, the coast is being watched. The coast is being watched. The coast is being watched.

But the most unusual of all watch is that of the coast. The coast is being watched. The coast is being watched. The coast is being watched.

Russia-Britain In Asia Minor

If Russia Could Conquer Great Britain Must Get Bagdad

A few days ago M. Tsyroff, leader of the legislative chamber of the Russian Duma, in the course of a speech in that institution, affirmed the absolute necessity to Russia to the possession of Constantinople. Behind this affirmation lay the assumption that Russian possession of the capital of the Turkish Empire signifies the attainment of the Empire itself.

It is not necessary to be a prophet to see that the Russian Duma, by its affirmation that it is the policy of the Russian Duma to secure the possession of Constantinople, is affirming that as the result of the war Great Britain must get Constantinople. A Gun That Fired 30,000 Shells

Enthusiastic Description of the French 24 the victory of Verdun

"The only of the Russian battles one of their batteries fired 320 rounds to the gun of the day, which was fired to me at that time an extraordinary rate of fire. When I mentioned this to the probably Captain at Verdun, he laughingly replied:

"I have fired from this (gun) battery 2,100 rounds of shells in 45 minutes. I listened to him in amazement. How long to your guns last at that rate? I asked him, for the theory before the war was that a field piece could not have a life exceeding 5,000 to 10,000 rounds of fire. The officer placed his hand affectionately on the gun that we were inspecting.

"This is a grand new gun which I have just received," he said. "The one whose class it has taken had fired more than 30,000 shells and still was not entirely finished. Then he added, 'You are surprised at my speed of fire, but there have been 75 in this war that have fired 1,000 rounds in a single day.'

"I'm going to decorate you for bravery Mr. Verdun. Put this French officer in a medal of honor."

"I haven't performed any deed of heroism."

"You will when you give up twenty-five cents."

Well, I must be going, old man. I've an appointment to meet my wife. "She's waiting for you at home."

"Oh, well, just about in 100 hours later."

"I'm going to decorate you for bravery Mr. Verdun. Put this French officer in a medal of honor."

Word comes from England that Pte. Samuel Patton, who enlisted from the South Fork, was laid up with rather serious illness. It is expected that it will be found necessary to send him back home, as unfit for active service.

The name of J. C. Anglin, of Toronto, is given in Tuesday's casualty list as missing. Mr. Anglin was at one time a missionary in the Crow's Nest Pass, and had charge of the Methodist church at Hillcrest, resigning that postulate in June, 1914.

A paragraph on the front page of the Coleman Bulletin reads: "A copy of this paper goes into every house in Coleman, Blairmore, Frank, Bellevue and Hillcrest every week." Perhaps it did, but when? It is distributed free, and a mean, sarcastic individual said it wasn't worth that.

Two Pincher Creek boys were listed in last week's casualty lists. Capt. A. Buchanan as missing, and Corp. H. Butcher as wounded.

Capt. Buchanan is a son of G.W. Buchanan, the well known rancher of the South Fork. He enlisted with a Saskatchewan regiment, the 9th Mounted Rifles. Corp. Butcher is also well known in this district, having had a ranch south of Pincher Creek. He enlisted with the 13th when they first organized, and went over with a draft soon after they got to Sarcee last summer.

It was at first intended that the Lethbridge Sunday schools should visit The Pass on July 6th.

Pincher Creek's estimates for the year are \$3,589.42 less than last year, and the tax rate will be 42 mills.

General Von Moltke died in Berlin while attending the memorial services for the late field marshal Von Der Goltz.

The marriage of Mr. Anderson, of Hillcrest, to Mr. Pettie, of the same place, was solemnized at Coleman last week.

We were asked yesterday what was meant by "The Coleman Bulletin." Well, it is a periodical, really and truly—comes out any old time.

Mr. and Mrs. R. E. Buchanan motored up from Pincher Creek on Sunday in their new Dodge car, on a visit to Mr. and Mrs. Bullock and other friends at Coleman.

Least lodges have been notified through H. Barlow, D.D.G.M., that the provincial grand master will not be able to visit The Pass I.O.O.F. lodge until after July 6th.

On Sunday we asked a member of the Lord's Day Alliance local committee as to whether the Sunday delivery of the Coleman Bulletin was objectionable. The reply was "No, it can't hurt anybody."

Mr. and Mrs. Marshall Hamilton and children, Frank, Alberta, are at present the guests of her father, Mr. Joseph Jardine. We are pleased to welcome Mr. and Mrs. Hamilton among us again.—White Hill correspondent to Westville Free Lance.

At a meeting of the local branch of the Patriotic Fund, held on Wednesday, W. J. Bartlett was elected as a delegate to attend the provincial convention at Edmonton on July 3rd, and the western general convention at Regina on June 28 and 29.

A week today and hoize will make its last kick in this province legally; but through illicit means it is expected to kick for a long while after, and every attempt will be made to prevent the provincial treasurer's coffers.

A ban has been placed on dancing among Catholics and instructions to this effect will likely be read in different churches of the Roman Catholic denomination at an early date. An edict from Rome says that parish halls cannot longer be used for balls and dances. "We order also that priests will take care to remove entirely that abuse in which entertainments and balls are held for the purpose of promoting pious projects." The circular is published this week in the Catholic Register.

Duncan McDonald, who has been in charge of the mine rescue stations in the Lethbridge district for over three years, has been appointed mine inspector and also to act in the capacity of general superintendent for mine rescue stations in the province of Alberta with headquarters at Calgary.

Word was received last week from England that Lieut. K. T. Fitzsimmons, of Blairmore, who went over with the 25th Battalion, was in the hospital at Ramsgate. The nature of his illness was not given, but it is feared that his condition is not serious and that he hopes soon to be back on duty.

It is well to know that breaking bottles or throwing broken bottles on the road is a criminal offence. This is a warning to anyone doing such a thing—it is unnecessary to add that offenders will be punished. On Friday night last no less than three automobiles suffered from punctured tires received from broken glass strewn on the lanes and streets of the town.

A conference of the Northern Alberta Canadian Patriotic Fund representatives will be held in Edmonton July 3rd for the purpose of deciding whether money should be obtained by voluntary subscription, by taxation or by both combined and if by taxation, what governing body or bodies should assume this responsibility. Dominion, provincial or municipal? Sir Herbert Angus, honorary secretary of the fund, will be the principal speaker at the meeting and public officials, members of parliament, members, presidents and secretaries of the fund will attend.

J. C. Hendry, formerly of Athabasca Landing, has opened up a law office in the Cameron block and is located permanently in Coleman. A friend at our elbow suggests that the purpose of a lawyer in any community is either to keep people out of jail or to help some of them in the calabass; and as we have managed to keep out of the coop without a lawyer, some of us are wondering what the future has in store for us now that a good lawyer has located in our midst. Mrs. Hendry and family will arrive in a few days—Coleman Bulletin.

Indications Point to Early Close of War

London, June 29.—The Times military correspondent in France writes that the opinion on the British front is most optimistic that the war will be brought to a successful conclusion during the year 1916. This feeling of optimism, he says, is based largely on the following factors:

Continuously increasing quantities of munitions on the eastern front; the extraordinary success of the Russian armistice; the arresting of the Austrian offensive in Trentino; the silencing of the German fleet through the sea battle off Jutland; the exhaustion of the German reserve as indicated by the calling up of 17-year-old youths, and the use of prisoners in German munition factories.

The task before us, the correspondent adds, "remains a hard one, but conditions are favorable to us and it only remains for generalship and hard fighting to take advantage of them."
